Assumptions applied to amendment:

- According to the Department of Commerce and Insurance, the program will incur one-time expenditures of \$7,626 which includes a rule-making hearing (\$5,000), upgrades to the current licensing software (\$1,000), and mailing of notice of change in requirements to all current licensees (\$1,626). - Pursuant to Tenn. Code Ann. § 4-3-1011, all regulatory programs are required to be self-supporting over a two-year period. As of June 30, 2009, the program had a negative balance or of \$31,289.09
- A small increase in cases in the court system, which will result in additional state and local government expenditures for processing the cases and additional state and local government revenue from fees, taxes and costs collected. These expenditures and revenue are estimated to be not significant.
